main ways. First, the sharp reduction of tariffs and trade barriers since the end of World War II, which has accelerated in the past two decades, has created the free movement of goods and services that is central to globalization.

Globalization and Sovereignty - Berkeley Law Research

Sovereignty. An assemblage of states forms a sovereign states system. The history of sovereignty can be understood through two broad movements, manifested in both practical institutions and political thought. The first is the development of a system of sovereign states, culminating at the Peace of Westphalia in 1648.
