Career assessments are tools that are designed to help individuals understand how a variety of personal attributes (i.e., data values, preferences, motivations, aptitudes and skills), impact their potential success and satisfaction with different career options and work environments. Career assessments have played a critical role in career development and the economy in the last century ...

Communicating Your Credentials: How Clients Choose a Counselor JCD Featured Article for January 2019. People choosing a counselor prefer those who say they are "board-certified" and possess multiple specialties, according to an article in the January Journal of Counseling & Development. A research team led by Donna S. Sheperis at Palo Alto University found that study participants serving as ...
