

Why Standards Exploring The Connection Between Heart And Life

WHY STANDARDS EXPLORING THE CONNECTION BETWEEN HEART AND LIFE

why standards exploring the pdf

Standards have a positive effect on the buying power of companies. Standards can encourage competition within the marketplace, and can be used by businesses to exert market pressure on companies further down the value-added chain. Businesses are therefore able to use standard to broaden their potential markets.

Understanding the Standards A big part of understanding the innovations of the NGSS is understanding why new science standards were needed in the first place. Resources in this section outline some key advances in science education research and describe how the NGSS reflect these advances by enabling students to learn science by doing science.
