The tiger's closest living relatives were previously thought to be the Panthera species lion, leopard and jaguar. Results of genetic analysis indicate that about 2.88 million years ago, the tiger and the snow leopard lineages diverged from the other Panthera species, and that both may be more closely related to each other than to the lion, leopard and jaguar.

This tabletop game provides examples of: Achilles' Heel: Every Darklord (and most villains in general) has one, usually associated with the curse that made him or her a Darklord (For example, in Strahd's case, it's Tatyana; the mere sight of her - or someone who looks just like her - is enough to make him take risks he would never otherwise take). The rulebooks emphasize that in order to ...
